COMPANY INTRODUCTION

OVER 100 YEARS ON LAND AND AT SEA

Hacklin Group offers logistics and transportation services globally. We handle sea, river, railway, road and air transportations as well as tailor-made project shipments no matter what the size or the complexity of the project may be. Hacklin has own bonded warehouses in Finland and a strong global network.

The main focus of Hacklin Hamiko is to offer reliable logistics solutions for export and import deliveries to Finland, Russia and the CIS countries.

We offer consulting and specialized customs clearance services for project cargo that is delivered to Russia.

We have a strong railway transportation set up between Russia, the CIS countries, Northeast Asia, the Pacific region and the EU countries.

With our experience and expertise within the Finnish, Russian and CIS markets we are confident to offer the most competitive logistics solution for your business.
